EGGS LOWER, IS BRIGHT REPORT FOR CONSUMERS

WHOLESALE TELL HOUSEWIVES CONDITIONS GETTING BETTER RIGHT ALONG.

GARDENS RESPONSIBLE HOME GROWN POTATOES, ALONE STAND OUT AS FINANCE KINGS.

The world is brighter. Eggs are going down, down, down. And so is butter, to the tune of 4 cents in one week, according to the statements of two wholesalers yesterday.

Eggs are now wholesaling at \$7.30 per case, that is, thirty dozens, according to the Potts Produce house. They were \$8.20 yesterday, and the first of last week a crate sold at \$9.25.

There are some home grown potatoes on the market, but the "new" variety takes the cake for high prices—10 cents the pound wholesale, 12 cents retail.

Onions are reported as moving freely from South Texas. The famous and succulent Bermuda is wholesaling at \$2.75 the crate, fifty pounds to the crate; the white wax at \$3.25, making onions cost about 8 or 10 cents as opposed to 15 cents several weeks ago.

Only Cuban and Florida tomatoes are on the market now, with the price around \$4.50 for a crate of forty pounds. Home grown tomatoes may be expected about June 15. Strawberries are on the decline, with the markets flooded. The price ranges from \$2.25 to \$2.50 per crate of twenty-four pint baskets.

Beans are selling wholesale at 17 cents the pound, just a little higher than last year. Other green stuff, such as mustard greens, turnips, lettuce, radishes, carrots, spinach and onions are cheaper this year than last. The cause—abundance of home garden truck rapidly thrown on the market. When South Texas opens up as it will within a few days on all green stuff, the market will be flooded, and the prices will strike bottom, is the prediction.

The M-B creamery quoted butter at 23 cents, as opposed to 43 cents a week ago. Butter is now retailing at around 45 cents. Butter fat wholesales at 35 cents. These prices will be stationary for some time, as there is no reason for a decline, say dealers.

FARM LABOR IS SCARCE; MEN ARE NEEDED NOW

The scarcity of labor for farm use already is giving concern to many farmers and farm owners. A. A. Peoples, farm owner, said yesterday that a problem already exists regarding labor and that it was going to take some tall hustling on the part of farmers and land owners to get the labor needed.

COUNTY JUDGE ADVOCATES BUILDING SLEEPING PORCHES

Declaring that there is hardly anything before the people of Waco as important as the building of sleeping porches to promote health, County Judge J. P. Alexander proposes soon to launch a movement of some kind here to accentuate this matter. "This climate is particularly favorable to the use of sleeping porches, and the health of the people would be greatly improved if they were in more general use," he says.

HENRY IN AUSTIN WEDNESDAY TO MEET TEXAS LEGISLATORS

To renew his acquaintance with members of the legislature and other friends from different parts of Texas, Hon. R. L. Henry spent Thursday in Austin. He recently was on the Mexican border, in the Brownsville section, and made some interesting observations there.

WACO RIFLE-PISTOL CLUB ORGANIZED LAST EVENING

The Waco Rifle and Pistol club was organized at a meeting held last night and the following officers elected: H. E. Kepler, president; Dr. F. Ross Jones, vice president; A. L. Elliott, secretary and treasurer; H. M. Cox and C. P. Link were appointed a committee to draw up a suitable constitution and by-laws. The range to be used by this club will be the same as the Boy Scouts use and the object of the club is to train the members and their families how to shoot with all classes of firearms.

FINAL RALLY IS PLAN SATURDAY

COMPLETE SURVEY OF COUNTY CAMPAIGN PRESENTED.

Saturday afternoon at 2:30 o'clock at the Chamber of Commerce there will be held a big final rally of all the forces which have been conducting the county food campaign for a comparison of notes, a summing up and survey of the future.

Some of the information which has been secured from farmers during the past week has been drawn out by questions asked by members of the team. These questions referred to the amount of food and feedstuffs planted; how many hogs on each farm, number of chicks; whether gardens are planted by each farmer, and many other questions of this character. These questions developed the fact, early in the week, that farmers are not "living at home" in McLennan county as they should, and frank talks are promised about matters which are expected to lead to preparations for possible change.

CITY MANAGER MEETING SCHEDULED FOR THURSDAY

The committee of fifty to promote the city manager plan has been called to meet Thursday night, May 3, Chamber of Commerce. J. M. Penland is chairman. The committee was appointed last week at a meeting held to consider the proposed change in city government. At the meeting Thursday night consideration will be given to matters pertaining to future action regarding the plan.

PROHIB MEET SUCCESS

9:15 a. m., business session; Mrs. Nanette Webb Curtis will present medal for best essay won by Miss Roma Wilson, Baylor. 2 p. m., final business session; conference by college men and women. 5 p. m., open session to all visitors. Literary society hall. 5:30 p. m., band concert, campus. 8 p. m., speaking in chapel. Entertainment with orations of 15 minutes each.

The Texas Intercollegiate Prohibition association now in session at Baylor university bids fair to be one of the best meets in the history of the organization. An address was heard yesterday morning by President Brooks of Baylor, followed by a business session. At 4 o'clock a parade was staged in which all of the representatives either rode or marched. A decorated water wagon was the feature. An interesting program was carried out last night. In the absence of Dr. A. J. Barton, O. W. Moener, of the S. M. U. faculty, delivered the principal address. Miss Roma Wilson read an essay that had won the prize in the girls' essay contest. The principal event on the program for today will be the awarding of the W. J. Bryan prize of \$50 for the winner of the oratorical contest. A medal will also be awarded.

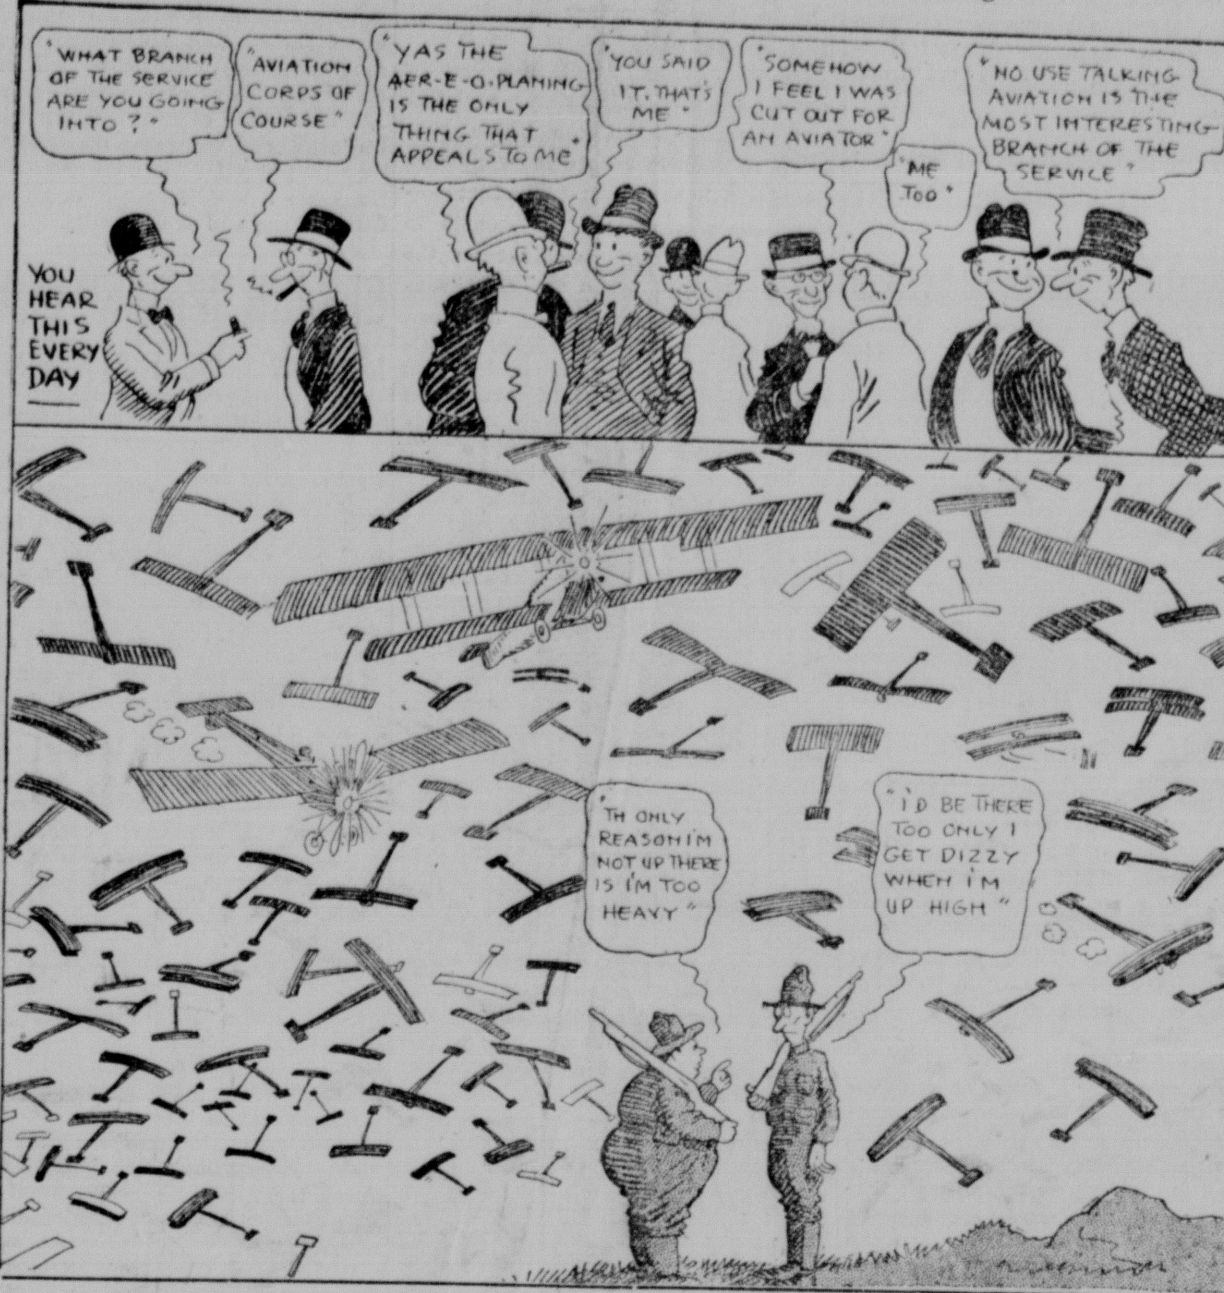

PROF. PARKER'S CONDITION IS SERIOUS, SAYS LATE REPORT

Prof. Charles Parker, leader of the Baylor band, was reported in a serious condition late last evening as a result of injuries received in an automobile accident yesterday at Lorena. Fear is expressed that a crash, received on his chest, may prove of more serious nature than was disclosed at first examination. He was cared for yesterday by Dr. Ship of Lorena immediately following the accident, and later was brought to Waco by that physician.

SUB IN OPEN FIGHT.

London, April 26.—The British steamship Kildale, bound for Malta, was torpedoed in the Mediterranean Sea on April 12. While the crew was on boats the submarine came to the surface and fired on the boats with a mounted gun and rifles. One member of the crew was killed and eight wounded.

As Our Army Is Going to Look Unless a Few Recruits Change Their Minds.

EXPECT SPANELL ON STAND TODAY

W. N. PAYNE OF WACO WAS AMONG WITNESSES CALLED YESTERDAY.

(Note—Additional news of the Spanell trial will be found on page 8.)

Coleman, April 23.—Today's court proceedings in the trial of Harry J. Spanell, charged with the killing of Lieut.-Col. M. C. Butler at Alpine, Texas, last July, was marked by many objections by state counsel against testimony offered by the defense, the reading of nearly two dozen depositions testifying to the defendant's good reputation, and the hearing of testimony of several defense witnesses. Among witnesses testifying as to Spanell's good reputation included W. N. Payne of Waco.

There was tense moment during the afternoon session when Attorney Lud Williams for the defense questioned a witness concerning alleged misconduct of Butler. The court sustained the state's objection. Attorney N. A. Wright, leading state's counsel, approached the bench and told the court if Williams asked any more such questions "I will start something right here."

"You just try it and I'll put you in jail," Judge Woodward, presiding, replied. "I sustained your objection, but I won't stand for any threats. Go back and sit down."

Spanell may testify tomorrow.

OKLAHOMA MOB FORMED TO TAKE NEGRO FROM JAIL

By Associated Press. Okmulgee, Okla., April 26.—Sheriff Roach was warned late tonight that a mob of 300 men are on the way to Okmulgee with the intention of taking Will Crisp, a negro, out of the county jail. Crisp is held for the murder last night of Wilkey Gaines, a cattleman. The sheriff has called out all his deputies and is organizing a force to head off the mob.

WACO AD CLUB PREPARES FOR ST. LOUIS CONVENTION

Reports on the recent Ad club circus were heard at a meeting of the Ad club, held in the Raleigh last night. Announcement was made that the money received from the show would be used in advertising Waco at the coming national Ad club convention. Plans were formulated to have Waco well represented at the convention in St. Louis, June 3 to 7, and the following committee was appointed to stimulate interest locally: D. P. Wallace, chairman; E. A. White, E. A. Miller, F. A. Gildersleeve, M. L. Webster and W. H. Montz.

TURKS HAVE LAW'S SON.

By Associated Press. Amsterdam, via London, April 26.—According to the Berlin Lokal Anzeiger, Lieut. C. J. Law, second son of Andrew Bonar Law, the British chancellor of the exchequer, was captured by the Turks in the recent fighting in Palestine.

SWISS TOWN IS BOMBARDED BY AN UNKNOWN AVIATOR

Berne, Switz., April 26.—Late Tuesday night an unknown aviator flew over the Swiss town of Porrentruy throwing explosive bombs and seriously damaging buildings and injuring a number of people. A watch factory, in which night work was proceeding, was struck, the roof being blown off and telegraph and telephone wires destroyed.

GERMANS SHELL RHEIMS TO SHOW THEIR ANGER

By Associated Press. Paris, April 26.—Stung by the steady advance on the French front, the Germans today threw fifteen large calibre shells at the Rheims cathedral and later sixteen more heavy shells upon the vaults and towers. The northern tower suffered most from the shelling and is leaning so that its stability may give way at any time. Sainsaulieu, the architect of the cathedral, is seriously concerned as to the further resistance of the edifice to heavy projectiles. The vaults and transepts have suffered irreparable loss. Artillery shells being used are of the 380-millimeter size.

GERMAN PRESS LOCATE IS VICE ADVENHAGEN

By Associated Press. Copenhagen, via London, April 26.—It is reported that Philipp Scheide-mann, leader of the German majority socialists, who recently visited Copenhagen in an endeavor to bring about a peace between Russia and Germany, is again here.

TELL GERMANY'S PEACE TERMS.

By Associated Press. Amsterdam, April 26.—The Tjid's German correspondent says that Dr. von Bethmann-Hollweg, the German chancellor, in his next speech in the reichstag will specify Germany's peace terms in greater detail.

FOUR GARIBALDI BROTHERS OFFER SERVICES TO AMERICA

By Associated Press. Rome, April 26.—Peppino Garibaldi, grandson of the Italian patriot, who was chief of staff to the late President Madero of Mexico, then a commander of Italian volunteers in the Argentine and now a colonel at the Italian front, made a special visit to Rome with three of his brothers, all officers under him, to offer their services to the United States. The Garibaldi brothers were received by Thomas Nelson Page, the American ambassador, and they asked him to convey their offer to Washington.

COAL AND IRON ORE TO BE GIVEN FREIGHT RIGHT

By Associated Press. Washington, April 26.—Orders directing the country's railroads to give coal and iron ore preference over all other traffic were issued today by the general railroad board of the council of national defense, formed here two weeks ago by railroad heads to operate American railway lines as one continual system during the war.

BRITISH ENVOYS AWAIT MEETING

HAVE LAID GROUND WORK FOR FORMAL CONFERENCES WITH FRANCE-U. S.

By Associated Press. Washington, April 26.—The great task of co-ordinating all branches of work to be taken up here by the British war commission progressed so far today that the ground practically is laid for formal conferences with the French commissioners and American officials.

The discussions to date were stated today to have brought about complete agreement by British and American officials as to main principles involved. It became known that Mr. Balfour and Secretary McAdoo had agreed on the general principles affecting such momentous subjects as shipping, banking, trade and exchange.

ARMY LEAGUE ASKS T. R. TO FORGET HIS "ARMY"

By Associated Press. Washington, April 26.—Joseph Leiter, president of the Army league, telegraphed Colonel Roosevelt today asking him to desist from his agitation for a volunteer division for service in France, because his attitude was "giving aid and comfort to the enemy in congress."

WHAT WILL THE KAISER SAY WHEN HE READS THIS?

By Associated Press. Mexico City, April 26.—The German minister, Heinrich von Eckhardt, issued a statement today saying he heartily approved of portions of the recent declarations made by the American ambassador, Henry P. Fletcher, in referring to Mexico's attitude as a neutral. There was no reason why, he contended, a nation like Mexico, free and independent, should not be successful in maintaining neutrality and no reason existed, in his opinion, which should induce Mexico to enter the war.

COMMANDER SAYS AZTEC WAS DESTROYED BY MINE

By Associated Press. Washington, April 26.—Lieut. W. F. Gresham, who commanded the naval gun crew of the American steamer Aztec when she was sunk off Brest, made his report in person to Secretary Daniels today and left an impression that the vessel probably was destroyed by a mine. Unofficial reports had indicated that she was torpedoed.

BOYS LOOK TO NAVY.

By Associated Press. Washington, April 26.—The appeal of war afloat to American youths has brought the navy such a flood of enlistment applications from boys that Secretary Daniels issued a statement today announcing that no one under 17 years of age would be taken into the service.

Gas Attack on Canadian House Awaited 2 a. m.

By Associated Press. Ottawa, April 26.—The vigilance of the Montreal police may have frustrated an attempt to subject the Canadian parliament to a poison gas attack tonight, according to officials of parliament and the police. The alleged plot was discovered by the Montreal police and brought to the attention of Medri C. Martin, mayor of the city, and a member of parliament. A heavy guard was quickly thrown around the government building. At a late hour (2 a. m.) the attack had failed to materialize.

ROOT WILL HEAD RUSSIAN PARLEY

FORMER SECRETARY OF WAR SOON TO GO TO PETROGRAD.

By Associated Press. Washington, April 26.—America's commission to the new democratic government of Russia will be headed by Elihu Root, secretary of war under McKinley, secretary of state under Roosevelt, and for six years a senator from New York. Mr. Root called on President Wilson today. The president is anxious that they leave for Petrograd as promptly as possible since the trip will require several weeks. The route to be followed will be kept secret for safety's sake, but little difficulty is expected in insuring an uninterrupted journey. Word of the commission's coming already has been conveyed to the Russian government and it has been indicated that it will be warmly welcomed.

CONSCRIPTION WILL PASS CONGRESS WITHIN WEEK

By Associated Press. Washington, April 26.—The war army bill will be passed by congress before the present week ends, and unless leaders in senate and house are far afield in their predictions, it will go through with the selective draft feature, the object of bitter attack, virtually as it came from the war department. The senate definitely committed itself today, to a final vote on the bill before midnight Saturday. The house, sitting far into the night, was determined to vote tomorrow, if possible.

FRANCE WANTS ARMY VIEW GIVEN THAT EXPEDITIONARY FORCE IS NEEDED.

By Associated Press. Washington, April 25.—Conferences between members of the French war mission and American government officials for exchanges of views regarding the conduct of the war against Germany began here today. Of foremost importance was a long talk between Marshal Joffre and members of his staff and Secretary Baker and General Scott, chief of staff. France is known to desire the sending of an American expeditionary force to co-operate with her armies and Marshal Joffre came to the United States prepared to give reasons for the opinion of the French military experts that the sending of such a force is advisable.

Soon after the conclusion of the conference Rene Viviani, vice premier of France, head of the mission, made a statement to the American press in which he declared that the co-operation of the United States in the war would mean not only a victory for France, which already was assured, but a victory of morality and right which will "forever secure the existence of a world in which all our children shall draw free breath in full peace and undisturbed pursuit of their labors."

False Economy—

You laughed at the cartoon in the News when the woman drove her car 65 miles, had two punctures and blow-outs to save ten cents on a purchase of vegetables. You may be in the same box. Have you a room that is idle—that is an expense instead of a profit because you are too economical (?) to spend a few cents to tell the reading public about it? Have you some article that is no longer of value to you? Have you something that would be of more value to some other one? Then suppose you get busy on true economy and tell News classified ad readers of your offers—and save money or make money. The telephone number is 3465. It busy, 3466.

U. S. TO FURNISH \$500,000,000 TO ALLIES MONTHLY

PRELIMINARY TREASURY REPORTS INDICATE GIGANTIC FINANCIAL WAR DRIVE.

WILL LAST 7 MONTHS BUT CLOSE FIGURING EXPECTED TO STRETCH ESSENTIALS OVER LONGER PERIOD.

By Associated Press. Washington, April 26.—Preliminary reports to the treasury department upon which Secretary McAdoo will base his recommendations to the president as to the size of the first bond issue under the \$7,000,000,000 war finance law, indicate that the United States will be called upon to finance the allies to the extent of at least \$400,000,000 and possibly \$500,000,000 a month.

The tentative program also calls for the expenditure of virtually every dollar of the borrowed money in this country for foodstuffs, munitions, coal, clothing, railway equipment and other supplies. The estimates, still incomplete and subject to revision, indicate the following tentative needs: For Great Britain, \$200,000,000 to \$250,000,000 a month; for France, from \$100,000,000 to \$125,000,000; for Russia, a sum undetermined, but up to \$100,000,000 a month, depending largely upon the ability of manufacturing plants in this country to meet her demands; for Italy, about \$50,000,000 a month.

Should these requirements be met in their entirety, the \$3,000,000,000 available for lending the allies would be exhausted in from six to seven and one-half months. It is likely, however, that the preliminary estimates can be pared down to a point without omitting essentials the huge loan could be made to cover requirements for a much longer period of time, possibly for one year.

WAR REVENUE BILL FOR ONE YEAR \$1,500,000,000

By Associated Press. Washington, April 26.—A tentative bill for raising war revenues during the coming year probably will be reported to the ways and means committee not later than Monday by the subcommittee drafting the measure. Secretary McAdoo's suggestions are expected to be followed closely, though it is said to be unlikely that the bill will contain provisions for retroactive income and excess profits taxes, consumption taxes or tariff changes. Indications are that the bill will carry items totalling only about \$1,500,000,000. The secretary's suggestions would have brought it \$1,800,000,000, which it was thought would meet half the expenses of the first year of the war.

STEEL MEN TO APPORTION WAR ORDERS FOR FIRMS

By Associated Press. New York, April 26.—Appointment of a committee to apportion among steel manufacturers the government's war orders, according to the capacity of their various plants, was authorized at a meeting of leading steel men at the office of Chairman Elbert H. Cary of the United States Steel Corporation here today.

CUBANS ARE COMING TO OFFER AID TO COUNTRY

By Associated Press. Washington, April 26.—Official notification reached the state department today that President Menocal of Cuba had named a commission to sail Saturday for the United States to confer with the American government officials regarding Cuba's participation in the war. Its stay in the United States will be indefinite and may be prolonged until the war is well under way.

HAWAIIANS PLEDGE AID TO U. S. IN GREAT WAR

By Associated Press. Washington, April 26.—Resolutions of the Hawaiian legislature pledging support of the president and endorsing universal military service were presented to the house by Delegate Kaulanaloa.

THE "LACONIC REPORT."

By Associated Press. Berlin, April 26.—The German official communication issued this evening says: "There is nothing of importance to report from any of the fronts."

REQUESTS NURSES BE CALM AND REMAIN IN SERVICE

By Associated Press.
Philadelphia, April 26.—An appeal to nurses not to wreck the nation's health institutions by yielding to "patriotic outbursts or hysterical impulses" to enlist for war service, was made by Miss Mary Beard, president of the National Organization of Public Health Nursing, at the joint convention of the American Nurses' association, the National League of Nursing Education and the National Organization of Public Health Nursing here today.

CORPUS POLICE TAKE MAN ON REQUEST FROM AMARILLO

By Associated Press.
Corpus Christi, April 26.—Acting on telegraphic requests from a Denver detective agency and officers at Amarillo, Texas, and Roswell, N. M., police here today took into custody a man who gave his name as L. B. Beale, and who said his father was a cattleman at Santa Fe. He is being held pending further information. Beale, who is about 35 years old, carried a letter of recommendation from a Santa Fe bank and represented himself as being an investor or looking for farm lands in this section. Chief of Police Fowler says a telegram from the bank states the letter is a forgery.

MURGUIA'S ACCUSATION SAYS U. S. SHOULD STOP VIL- LA'S BOUNDARY JUNTAS.

By Associated Press.
Juarez, Mex., April 26.—If the United States expects Mexico to prevent Germans from menacing the American border as General Carranza has agreed to do, then the American government should suppress the Villa propaganda that exist in American border cities and should drive these Villa propagandists from the border. Gen. Francisco Murguia, commander-in-chief of the northeastern military zone, said tonight before leaving for Casas Grandes in pursuit of Villa.
"We are fighting a common enemy of the United States and Mexico in Francisco Villa," General Murguia said. "We fight to prevent him from approaching the American border, yet just across the same border Villa agents and Villa juntas are permitted to operate more or less openly, thereby aiding and abetting a man who is not a Mexican, but an international criminal."

Men who lack imagination are often forced to adopt the expedient of telling the truth.

PAUSE COMES IN ALLIED SHOVES ON WEST FRONT

(War Summary by Associated Press.)
Apparently the sanguinary struggle that has been going on in the region of Arras has come to a pause for the moment. Thursday saw no infantry engagements everywhere along the front so far as the British and German official communications have made known.

Likewise on that part of the line held by the French there has been a similar let up in the fighting except by the big guns. After their sanguinary repulse Wednesday the Germans did not return to the attack Thursday in the "Chemin-Des-Dames" region northeast of Soissons.

On the eastern part of the Austro-Italian theatre the Austrians are keeping up their bombardment of Italian positions and here and there have made infantry sorties, all of which were repulsed.

The British troops in the Lake Doiran region of Macedonia have consolidated the positions they captured from the Bulgarians Wednesday, previously having put down four counter attacks in which sanguinary losses were suffered by the enemy.

TEXAS BUYS \$7,000,000 U. S. 3 PCT. CERTIFICATES

By Associated Press.
Austin, April 26.—Acting upon the recommendation of State Treasurer J. M. Edwards, the senate today adopted a concurrent resolution, introduced by Senators Caldwell and Hudspeth, authorizing the state treasurer to invest \$7,000,000 of unappropriated state money now lying idle in the vaults of the state treasury in the three per cent United States government certificates.

PRINTING BLUE PRINTS WACO-BEAUMONT ROAD

Blue prints are being made at Beaumont of the routes proposed for the railroad which is projected from Waco to Beaumont, and these blue prints will present the matter concretely and in interesting manner to some who have not yet grasped fully the significance of this east-and-west line. The blue prints are in charge of Secretary Saenger.

It is well to watch virtue which employs a press agent.

MEXICAN ARMY STILL AFTER BANDIT VILLA

By Associated Press.
Juarez, April 26.—Gen. Francisco Murguia has arrived in Juarez and will start to Casas Grandes late today in pursuit of Villa, who retired toward that city after the battle at Hacienda Carmen when the Carranza command of Gen. Eduardo Hernandez defeated Villa's main command. General Murguia was accompanied by ten troop trains.

COTTON MANUFACTURERS ELECT THEIR PRESIDENT

By Associated Press.
Boston, April 26.—Albert Bemis of this city was re-elected president of the National Association of Cotton Manufacturers at the closing session of its annual meeting here today.
The association went on record as in favor of selective conscription. It authorized President Bemis to appoint a committee to consider the advisability of calling a conference of all allied textile industries after the close of the war for the development of trade at home and abroad with countries giving reciprocal trade relations.

NO SUBMARINE RAID SUCH IS OPINION OF BRITISH OFFICER AT WASHINGTON.

By Associated Press.
Washington, April 26.—Rear Admiral Sir Dudley R. S. Dechair, the veteran navy officer of Great Britain's war commission to the United States, gave a group of newspaper correspondents today a first hand story of some of his experiences during the two years he commanded a patrol fleet chasing German submarines. Without minimizing the gravity of the submarine menace, he confidently predicted that it would be overcome.

Commenting on suggestions that Germany might undertake a submarine campaign on the American coast, the admiral said this would not be profitable from the German point of view without extensive supply bases on this side of the Atlantic.

"I only wish," he said, "that I could tell you the number of German submarines that we have sunk. Unfortunately, however, that is a naval secret."

"It would not pay Germany to inaugurate a general submarine campaign off the American coast unless she could also establish bases here. Each submarine carries from eight to ten torpedoes besides a limited fuel supply which would largely be wasted in the long trip over and back, not to mention the warm reception she would probably receive."

BOOT SOCIALIST FROM WISCONSIN SENATE-DISLOYAL

By Associated Press.
Madison, Wis., April 26.—Senator Frank Raguse, Milwaukee socialist, tonight was expelled from membership in the Wisconsin senate for contempt, disorderly behavior and conduct unbecoming a senator of Wisconsin in making a disloyal statement on the floor of the senate last Tuesday evening. The vote was thirty to three. Senator Raguse and two other socialists voting against the resolution. The statement which brought about the expulsion was made during a debate on a resolution to print 50,000 copies of President Wilson's message.

The substance of the statement to which exception was taken is as follows:
"This resolution is to create patriotism, but it will not do it. You cannot create patriotism in a country where 85 per cent of the people do not own land. The way to create patriotism, as I understand it, is to do as was done when the Maine was blown up from the inside and property and lives both were destroyed. In order that 'Remember the Maine' should be heralded over the country and the people would be aroused to patriotism."

Preceding the action the senate adopted a resolution demanding that Raguse be brought to the bar of the senate and sign a retraction. Raguse was brought to the bar and the statement of retraction, which he refused to sign, was read to him. Raguse declared he had not been given a fair hearing and that he would again run for the senate.

EPISCOPAL MEET HELD THURSDAY

DELEGATES CHOSEN TO SYNOD
MEETING IN OKLAHOMA.

The Women's Auxiliaries of the Episcopal church adjourned last night, having closed a successful two days' business and social session in Waco. By vote of the delegates, the time of the meeting has been changed from fall to spring, the regular date being fixed at the second Wednesday after Easter.

The program opened with corporate communion yesterday morning, followed by United intercessions. A business session was held at 10 o'clock. Mrs. W. F. Catterall of Galveston, united custodian, talked on "United Offerings." "Pilgrimage of Prayer" was the subject of a talk by Mrs. Quiren of Houston. Other speakers were Mrs. Biller of New York on "The Institute" and Mrs. A. E. Schaeffer of Waco on "Periodical Clubs." Dr. Witsell also spoke on "United Offerings."

The afternoon session opened with devotional, followed by a business session, at which the following delegates to the synod in Oklahoma were elected: Mrs. A. J. Dossett of Waco, Mrs. G. M. Long of Houston and Miss Elizabeth of Austin.

A good reception was turned in by the Juniors, and a talk by boys' and girls' sections. Aort was followed.

The misadventure at 8 p. m. was followed by an address by Rev. P. G. Sears, Christ church, Houston.

DR. M'INTOSH SPEAKS ON "PHILOSOPHY OF NEW BIRTH"

One of the strongest appeals heard during the meeting was delivered by Dr. McIntosh at the Austin Avenue Methodist church last night. His topic was "The Philosophy of the New Birth." Messrs. Bloodworth and Matthews sang a duet, "Nailed to the Cross." The "Sunshine Choir" will meet tonight. A special meeting for the men will be held Monday at 3 o'clock.

CITY FATHERS TO CLEBURNE ON VISIT OF INSPECTION

In order to thoroughly inspect the sewage disposal plant at Cleburne, the city commission, headed by Mayor John Dollins, will this morning go to Cleburne by auto and spend most of the day there. The commission is earnestly considering the question of a sewage disposal plant for Waco.

By Associated Press.
Mexico City, April 25.—Mexican consuls in the United States have sent advices to the department of Fomento urging that shark fishing in Mexican waters be given special encouragement. They report that skins of sharks are in great demand among shoe manufacturers in the United States where the scarcity of other leather is being keenly felt and that the skins command an excellent price. Sharks are plentiful off both Atlantic and Pacific coasts of Mexico.

DEMONSTRATION IN SWEDEN FOR LARGER BREAD RATION

By Associated Press.
Copenhagen, April 26.—(Via London, 6:25 p. m.)—At Malmo, Sweden, yesterday 30,000 people took part in a demonstration before the town hall at which demands were made for a commercial agreement with England, larger bread rations and a discontinuance of food exports. The institution of an eight-hour day also was demanded. All tramways ceased running during the afternoon while the demonstration was in progress. Similar demonstrations, on a smaller scale, occurred at Gothenburg and Hernoeseand.

GERARD "CALLS" CLARK MENTIONS "NEAR STATESMEN" IN ADDRESS AT NEW YORK.

By Associated Press.
New York, April 26.—With Maj. Gen. G. T. M. Bridges of the British war commission as their guest of honor, the members of the American Newspaper Publishers' association at their annual dinner here tonight proclaimed their confidence in the future of the United States and her allies and pledged anew their patriotic devotion to the nation.

The representative of the British army on the commission headed by Foreign Minister Balfour, who told with pride of having fought under Marshal Joffre at the Marne, was given an enthusiastic welcome.

James W. Gerard, former American ambassador to Germany, made an impassioned appeal for universal military service. Mr. Gerard arraigned Speaker Champ Clark for his advocacy of the volunteer system. He said he had supported Mr. Clark in his campaign for the democratic nomination for president in 1912.

"But, thank heaven," he exclaimed, "some beneficent Providence which keeps the American people from putting forward their near-statesmen, intervened."

Referring to Germany's military ambitions before the war, Mr. Gerard said Admiral Von Tirpitz had openly advocated the seizure of the coast of Flanders as a base for operations against England and America.

BAYLOR MUSEUM GETS LIMB OF LIBERTY ELM

Mr. Strecker of Baylor university has recently received from A. A. Steele of Nacogdoches a cross-section cut from a limb of the old Liberty elm, one of the famous trees of Texas history. The specimen has been placed in the Baylor museum.

Y. M. H. A. TEAMS REPORT.
At the meeting held last night in the basement of Rodef Shalom, enthusiastic reports were received from the various teams. The results so far obtained are very gratifying and success is assured. Short talks and suggestions made by various members present received much enthusiasm. The final results of the membership campaign will be given at the next meeting which is to be held Monday evening, April 30.

LONDON SHORT FOOD.

By Associated Press.
London, April 25.—The shortage of food is now being felt everywhere, even in the best hotels and restaurants in London.

"I WAS ON THE VERGE OF GIVING UP" SAYS MRS. FANNIE PRICE

MOTHER OF EIGHT FELT THAT SHE WOULD HAVE TO LEAVE HER CHILDREN TO LOOK AFTER THEMSELVES AND TAKE TO HER BED.

"I know that this Tanlac has saved me from taking to my bed and leaving my eight children to look after themselves, because I was on the verge of giving up when I started taking it, and now I feel like a brand-new woman in every way."

The above remarkable statement was made by Mrs. Fannie Price, who resides at 925 Fifteenth street, a few days ago when relating her experience with the use of Tanlac. Her interesting story follows:

"I was in such a bad fix, I wasn't fit for anything," she continued, "because I had suffered for a whole year with stomach trouble and indigestion. I would have given up and gone to bed long ago, if I hadn't had to look after my children, but that made me force myself to keep up in spite of my troubles."

"It seemed like I couldn't eat a thing that didn't tear my stomach up something awful. Gas would swell me up and cause cramps and heartburn until I could hardly stand the misery it brought on me. My nerves were all out of shape and I didn't get half enough rest at night because I was so restless and couldn't sleep. I just ached all over most of the time and went around all tired out and laggy and couldn't put any interest in my work."

"Well, sir, I have told all my neighbors and friends what this Tanlac has done for me, because since I took the first bottle and started on my second, I am like a different person. I have gained so much in strength that I hardly know what it means to be tired now and my appetite has improved until I can just eat anything that I want. The gas that used to bother me so after a meal has quit bothering me and I can digest everything I eat and enjoy it. I am gaining in weight every day and I can sleep and rest at night like a healthy child, because my pains are gone and my nerves are steady."

"I tell you I am sure glad that I found Tanlac when I did and there isn't a woman anywhere who is willing to say more for it than I can because of what it did for me. Several of my neighbors are now taking it, since I have told them how much it helped me, and I am glad to tell everybody who suffers like I did, just what I know it will do."

Tanlac is sold in Waco at Morrison's Old Corner Drug Store under the personal direction of a special Tanlac representative.—Adv.

TO FORGET SOCIAL AFFAIRS

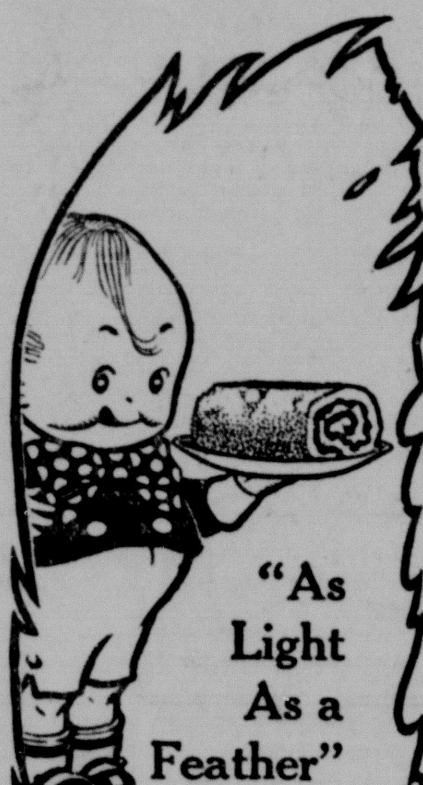

By Associated Press.
San Antonio, April 26.—In a letter to Mrs. Fred Fleming, president of the Federation of Women's clubs of Texas, General Pershing today outlined a program by which women can be of service to the country in the war with Germany. As a preliminary step, he suggested that every woman in the organization be enrolled and a record made of what she can do best, together with what she would be willing to learn to do. As a war measure, General Pershing is urging that social activity be made of secondary consideration by the public.

The First Presbyterian church was crowded upstairs and down with eager spectators of the brilliant Luedde-Beville wedding which took place last evening at 8 o'clock. The church had never been more artistically decorated. The altar was a forest of palms and exquisite Easter lilies.

Prof. Jack Parnum at the organ and Prof. Anton Navratil with his violin contributed of their talent in making the wedding the beautiful affair that it was. The violin solos were "Cavatina," by Raff, and an aria from Gluck. Then Mrs. Gaylord Behout arose, beautifully gowned in white, to sing in her wonderfully sweet and penetrating voice "Beloved, It Is Morn." Then the organ struck the familiar notes of Lohengrin's wedding march, and the bridal party entered. The ushers, Charles E. Moore, Anderson Riley, Verne Willis and Newt Williams, entered, followed by the matron of honor, Mrs. Ed Laughlin, who was at her very best in white lace gown and white lace hat. She carried an enormous bouquet of Easter lilies. The demure little flower girl, little Dana Marguerite Wilcox, in white organza, preceded the bride. The bride took the arm of her father, G. H. Luedde. Miss Luedde was wonderfully gowned in white and silver princess lace, with a court train of white satin. Her veil was caught up with orange blossoms. She carried a superb shower bouquet of bride's roses and lilies of the valley.

The groom, Dr. Alexander Jacob Beville, and his best man, Langdon E. Luedde, entered simultaneously, meeting the bride at the altar. Dr. C. T. Caldwell received the party, and the solemn ring service followed.

Immediately after the ceremony the bridal party and many invited guests went to the home of the bride, where a reception was held.

Dr. and Mrs. Beville left immediately on their wedding journey, the itinerary of which was not announced. They will return to the Luedde home in about ten days.

The groom presented his attendants with silver belt buckles, and the bride her matron of honor with an enameled vanity box. Little Miss Wilcox was also made the proud owner of a silver vanity case.

A magnificent display of wedding gifts bore silent witness to the love and popularity with which the bride's life in the city has always been marked. Her father presented the couple with a Hudson Super-Six, and her brother, Langdon E. Luedde, gave as his token of love a chest of silver.

REVIEW CLUB
GARDEN PARTY.

The Review club closed its year's pleasure and work yesterday with a pretty garden party at the home of Mrs. W. I. McReynolds. The garden is one of the prettiest in town, and it was fittingly decorated with its own trees and flowering shrubs. The summer house had been fitted up for the punch bowl, which was banked with roses, the club flower. The punch was dipped by Mrs. Walter Reese and Mrs. D. L. Jameson, who were assisted by several young girls, among them Misses Pauline Alexander, Verda Lee

Beautiful
Hair Tinting

Nothing so robs a woman of her good looks and attractiveness as gray, streaked or faded hair. And there is no more reason or sense in tolerating unattractive hair than there is in wearing unbecoming gowns. The one hair stain that stands supreme is "Brownatone." It is simple and easy to use. No mixing. Just comb or brush it into hair. It can not be detected, will not rub or wash off, acts instantly and absolutely harmless. "Brownatone" will give any shade desired from light golden brown to black. Your druggist sells "Brownatone" or will get it for you. A sample and a booklet will be mailed you upon receipt of 10 cents, and your orders will be filled direct from our laboratories if you prefer. Mention shade desired.

McClain, Lillian Starr, Ruby McReynolds.

The receiving line was made up of Mesdames Forest Jackson, president of the club; W. L. McReynolds, L. R. Armstrong, R. J. Alexander, W. E. Andrews, F. L. Christman, R. E. Conker, W. H. Forrester, Glen Jones, R. M. Nichols, Fred B. Robinson, P. W. Robertson, Lena B. Starr, C. P. Schenck, O. M. Weatherly, Sidney Walsh and Miss Mabel Quay. The club members each invited a guest to become a member of the house party.

Excellent music was furnished by the Boy Scout band, and every one seemed to have the most pleasant time at this, the first garden party of the year. More than 200 guests had responded to the club's invitation.

DOMESTIC SCIENCE CLUB
MRS. HARRY LEE SPENCER.

Mrs. Harry Lee Spencer of Colcord was hostess on Wednesday to the Domestic Science club. The sewing bags brought and the afternoon pleasantly spent in fancy work and chatting. A delicious plate of jellied chicken, cream puffs and sandwiches was passed as the afternoon drew to a close. Two guests were invited: Mrs. R. F. Hyde and Mrs. Clyde Webb. The club meets next Wednesday with Mrs. Brooks Pearson.

BRIDGETTES WITH
MISS McLENDON.

Miss Pauline McLendon was hostess to her bridge club on Wednesday. Complimentary to Miss Sallie Thompson and Mrs. John Davis, several guests had been invited in addition to the club members. Miss Vernel Allison was awarded guest prize, a boudoir pillow. Miss Mary Gorman received club prize, a pretty camisole. Mrs. Davis and Miss Thompson as honorees were presented with hand-embroidered linen.

Quantities of pink roses were used in all the rooms. The salad plate had a pink rose as favor. The club meets next time with Miss Katherine Raynolds.
The guests: Misses Sallie Thompson, Anna Fry Jones, Florrie Neal Cooper, Vernel Allison of Denton, Mabel Chambers, Maizie Turner; Mesdames John Davis, Harry B. Gorman, Willard Wigley, Kyle Vick, William Abeel and Clyde Ryburn.

BENEFIT CARD PARTY
AT COUNTRY CLUB.

A circle of the Shakspeare club has planned a card party to be given on Saturday afternoon at the Country club at 3 o'clock. Each member of the circle of seven has pledged herself

to provide players for two tables. All bridge players of the city are invited. There will also be tables for "42." The proceeds will be applied on the entertainment fund for the State Federation convention in November. Those who wish to play will please notify Mrs. Charles N. Smith or Mrs. Julian Prade before the close of the day.

MRS. D. D. CANNON TO
HAVE RED CROSS PARTY.

Mrs. D. D. Cannon, 1223 North Eleventh, has named Saturday as her day for entertaining for the benefit of the Red Cross fund. Tables will be formed for all sorts of card games.

PLEASURE AND PROFIT.
WITH MRS. QUINIU.

Mrs. H. L. Quiniu was Wednesday's hostess to the Pleasure and Profit. Her rooms were filled with fresh roses from the gardens, and she served fresh strawberries and cake. Guests outside the club were Mesdames E. L. Humphreys, T. H. Stanford, Walter Quiniu, Henry Quiniu, W. N. Munnerlyn, J. B. Horn, J. B. Sartell, J. O. Jackson, George Oliver, John Strauss, J. B. Strauss, C. C. Lewis, J. W. Holway, Lee Richards, C. K. Durham. The next meeting is with Mrs. T. A. Peyton, 601 North Eleventh.

A feature of the afternoon was the reading of three original poems by Mrs. T. Jeff Smith, whose abilities as a reader and composer are so well known here.

ROUND TABLE WITH
MRS. J. B. JOHNSON.

The Baylor Round Table met on Wednesday afternoon in regular session with Mrs. J. B. Johnson of South Seventh. The program dealt with "Political Issues of the Day." Mrs. E. H. Sparkman read a paper on "Military and Naval Preparedness." Dr. S. P. Brooks spoke on "What Will Probably Be the Outcome of the War." Dr. J. M. Wright led round table discussion on "Current Events in Politics of the Day."

In the business session, the treasurer's report for the year was read and accepted. The annual picnic is to take place at Cameron park May 12. The Round Table adjourned, after a refreshing plate of cream and cake.

MRS. R. J. POTTS
HAS DINNER GUESTS.

Mrs. R. J. Potts entertained at dinner on Monday evening for Miss Sallie Thompson.

Mrs. Potts took this occasion to announce the engagement of Miss Catherine Cavitt of North Carolina, who is thoroughly at home in Waco. Miss

Cavitt is to be married to Robert Evans Denny of Blacksburg, Virginia, some time in June. Miss Cavitt has been a guest for some days in the Potts home and will be in McGregor and Marlin for a short time. She has a large circle of relatives and friends in Waco and other Texas cities who will be pleased to hear of her approaching marriage.

The patriotic idea was carried out. The centerpiece of red roses, white roses and blue bonnets bore out the patriotism motif. The place cards bore likenesses on the government's announcement that men marrying since April 1 were not exempt from conscription. The almond boxes were topped with flags. The guests were Miss Luedde and Dr. Beville, Miss Sallie Thompson and R. J. Windrow, Miss Cavitt and Charles Moore. Mr. and Mrs. Sid Burrows, Mr. and Mrs. R. J. Potts.

WALLENSTEIN-WINE
WEDDING SUNDAY.

At the home of the bride's mother, Mrs. R. Slate, Miss Rose Wallenstein and Frank A. Wine were married on Sunday evening at 7:15, Rabbi From Dallas performing the ceremony. The young bride was very attractively gowned in white satin, with a wreath of orange blossoms holding the veil in place.

Miss Wallenstein has been in the city for more than a year, having come here to live with her mother and sister from Washington, D. C. She has formed a large acquaintance and friendship. Mr. Wine is bookkeeper for the New York Tailors. Mr. and Mrs. Wine will make their home in Waco.

COZY TEA BRIDGE WITH
MRS. FOREST JACKSON.

Mrs. Forest Jackson had gathered a handsome assortment of spring flowers from her pretty gardens with which to make her home attractive on the occasion of entertaining her bridge club, the Cozy Tea. Roses and larkspur were in evidence everywhere. Mrs. Sampson won the club prize, a small hand-painted rose jar. A salad course completed the afternoon's pleasure. Mrs. T. N. McMullen of Austin avenue has the club next.

MEXICAN SUPPER
FOR MISS THOMPSON.

Mr. Floyd Holland, who is to be best man in the Thompson-Windrow wedding April 30, complimented the bride, Miss Sallie Thompson, by inviting five couples for a Mexican supper at the New Mexican cafe. The rich foreign

dishes were enjoyed by the following couples: Mr. and Mrs. Louis Stephens, Norma Bonner and Floyd Holland, Maizie Turner and Billy Brown, Enrique Smith and Davis Stribling, Grace Herndon of Tyler and Cress Eaton, Sallie Thompson and R. J. Windrow. Another courtesy to Miss Thompson was a Dutch supper given by Mrs. Charles E. Moore. To this were invited Mr. and Mrs. R. J. Potts, Miss Cavitt of North Carolina, Miss Thompson and Mr. Windrow.

MRS. MATTIE D. WILLIS
GIVES TWO RECITALS.

The pupils of Mrs. Mattie D. Willis will appear today in two recitals, one at 5 o'clock in the afternoon by Misses Betsey Rowell and Lillie Lazarus, assisted by five other children; the second by some more advanced pupils at 8:15. These recitals will be given at Mrs. Willis' home studio, 617 South Fourth. The music-loving public is cordially invited.

EMERSON CLUB WITH
MRS. E. E. FITZHUGH.

The Emerson club met in regular session on Tuesday afternoon with Mrs. E. E. Fitzhugh. An interesting lesson on Browning's "Saul" was led by Mrs. Perry Ransone.

The election of officers resulted thus: President, Mrs. Carl Reiser; vice president, Mrs. George Bryson; recording secretary, Miss Bettie Malar; corresponding secretary, Mrs. Ellis Hardy; treasurer, Mrs. N. S. Scott; critic, Mrs. Richard Burleson. The club is to meet in special session next week with Mrs. T. P. Duncan, at which time the new officers will be installed and the annual parliamentary drill will take place. Owing to the fact that there will be three special sessions within the next three weeks, it was decided that the club would not have a big affair to close the year's work, as is the usual custom.

To serve as a pillow, but affording better ventilation than the regular article, an inventor has patented a frame supporting a square piece of fabric by corner posts.

NUX IRON PEPSIN AND
SARSAPARILLA—Effective
Combination

As comprised in Hood's Sarsaparilla and Pepsin Pills, these valuable remedies possess unequalled health-value, for the alleviation and cure of a long train of ailments common among our people in this 20th century. In these days of rushing and pushing, beyond the endurance of even the most robust, nearly every man and woman needs and must have the aid of the health-giving powers of this combination of medicines to support and sustain normal health tone. If it is not supplied, the depletion of the blood and the broken-down nerves will soon give way to permanent invalidism and ruined health. The very best remedies for blood-purifying and nerve-building are found in Hood's Sarsaparilla and Pepsin Pills. You know well the great tonic properties of iron. They are much increased and improved in this combination—Hood's Sarsaparilla before meals, Pepsin Pills after.

BLOCK COMPARES TEMPERATURES IN TEXAS WEATHERS

IF YOU THOUGHT THEY WERE LOW THIS SPRING YOU MUST CHANGE YOUR MIND.

Have you had the idea that temperatures were low this spring? If so, you must revise your opinion.

So says Dr. Block, News weather observer. And the doctor has the "dope" in the case, so don't try to argue with him. This is what he said yesterday.

"Many people imagine that temperatures have been low this spring because vegetation is backward, but the vegetation simply lacked the moisture to push it. As a matter of fact, the spring temperatures have been rather higher than usual, by actual comparison."

"I find, too, that we are away behind on moisture for the past several months, and old-timers say that this moisture will come before long in the evening up process. The smallest amount of moisture for any year since 1907 was twenty-seven inches, so if we even get that amount during the year it will have to put in appearance before so very long."

Temperatures for April 26 for the past five years were furnished by Dr. Block as follows: 1913, 80; 1914, 77; 1915, 82½; 1916, 58; 1917, 86.

WACO DISTRICT CONFERENCE NOW WELL UNDER WAY

Beginning at Lorena yesterday, the Waco district conference of the Methodist church will last until tomorrow. Presiding Elder J. A. Whitehurst of Waco is presiding over the meetings. A cordial reception has been accorded by the people of Lorena, it is reported. Practically every charge in the district is represented. Much business will be disposed of.

MEXICAN TAKEN AT MOODY BY U. S. OFFICERS OF WACO

Coryell Caramada, a Mexican, was arrested at Moody and brought to Waco and taken before the federal authorities on a charge of being an alien enemy. It is declared that he was trying to incite negroes with whom he was working on the Santa Fe railroad. He is in the city jail. The Mexican was brought to Waco by Mayor W. R. Willis and City Marshal E. W. Bailey of Moody.

STRING BEANS COMING TO RELIEVE "SHORTAGES"

String beans are bound for Waco as fast as steam can carry them, and will help to relieve the food situation. Two carloads yesterday were shipped from San Benito, the first of the season, with more to follow about Saturday. String beans yesterday were quoted in South Texas markets at \$2.50 to \$3.50 per bushel, according to quality.

MONSTER CONCRETE TANK BUILT BY TEXAS POWER CO.

A monster concrete oil tank is under construction near the big plant of the Texas Power and Light company for this company. The tank will hold 6,000 barrels of oil. There will be thirty-five tons of steel in the big container, which is being built largely underground. The company had one large steel tank, but it was not possible to get enough steel with which to construct this last one.

MOTHERS' CLUB HOLDS MEETING

ELECTION OF OFFICERS TO BE HELD SOON.

The City Council of Mothers met Wednesday afternoon at the high school, Mrs. W. O. Wilkes presiding. A resolution was introduced, advocating a half holiday for the men who work in stores and offices. The Welfare league movement for a "clean-up" day was also endorsed. A reading of the kindergarten law resulted in a hearty endorsement of the law.

The annual election of officers will take place at the next meeting, the last Wednesday in May, a committee composed of Mrs. Holloway, Mrs. Fitzhugh and Mrs. W. A. Hall being chosen to select officers. Mrs. W. A. Hall of the Dean Highland school reported on her trip to the Parent-Teachers' association, which convened not long ago at Richmond, Texas. She brought back the following resolutions, which were endorsed by the state organization: 1, to have a medical inspector; 2, to teach agriculture in the schools; 3, to teach thrift by having savings banks; 4, to have at least two women on the school board; 5, to use the school and grounds as a social center during the summer; 6, to simplify the high school girls' dress; 7, to insist on a public health officer and district nurse.

Miss Pauline McCauley gave a most instructive talk on interesting children in reading. The question of textbooks was also discussed, the council deciding to send a vigorous protest to the representatives at Austin against a change in the textbooks.

30 PROMINENT WACOANS TO TESTIFY SPANELL TRIAL

Thirty prominent Wacoans left here yesterday for Coleman, as witnesses in the case of Harry J. Spanell, charged with the murder of Col. M. C. Butler at Alpine last July. Most of those who went to Coleman will be used as character witnesses. Those who went were Mr. and Mrs. J. R. Bailey, Mrs. A. H. Newman, Mrs. T. H. Claypool, Mr. and Mrs. Frank J. Trau, Miss Louise Willis, Mrs. W. J. Wigney, Crate Dalton, Mrs. Frank Wheeler, Miss Minnie Johnston, Mr. and Mrs. George W. King, Capt. C. L. Johnson, W. F. Sonnenman, W. H. Jones, W. S. The Press club luncheon, which will take place May 1 at the Chamber of Commerce rooms, will be an event of great importance, being a splendid get-together meeting of the prominent people of the city, and especially of the various heads of organizations for the welfare of the city. Invitations have been extended to about 125 people and most of them have accepted. Prominent people of the state organizations have sent in their acceptance.

MISSIONARY TO LECTURE; JAPAN TO BE SUBJECT

Miss Maud Donnell, who has been in charge of the Women's Bible work in Tope, Japan, for sixteen years, will talk to Methodist women and all others interested this afternoon at 3 o'clock on the work in Japan and will report on the Council of Methodist Women which has just been held in New Orleans. A special invitation is extended to any Japanese who may be in the city. Miss Donnell while in Waco will be a guest of Mrs. J. A. Loughridge of North Twelfth. Mrs. Loughridge and Miss Donnell were schoolmates at Peabody institute.

COOPER GROCERY COMPANY TO SPEND \$35,000 ON WORK

Improvements and alterations to be made by the Cooper Grocery company will cost about \$35,000. Bids will be opened May 7, plans having been prepared by Milton W. Scott & Co. A new front will be put in on Fourth street and a basement added. Also the building will be extended on Fourth street for seventy-five feet, and will be 100 feet deep, to be two stories and basement.

ENLISTMENTS FOR LEON SPRINGS CAMP COMING IN

Capt. Paul Hurst has secured several persons for the training camp at Leon Springs. The training camp begins May 8 and lasts three months. The ones who had signified their intention of joining the camp up to yesterday were J. S. Harrison, Jr., Malcolm F. Lindsey, C. M. Hubby, Jr., and W. B. Thompson. Two or three from Falls county also have enlisted.

SWIFT SPEED IN REAL ESTATE DEALS YESTERDAY

Waco real estate was very active yesterday, particularly in the business area, but the movement was largely confined to dust circulation in the air. The high wind caught up clouds of dust, threw them in the faces of the public, caused many smarting eyes and dust-begrimed faces. The city sprinkling wagons probably will be put into commission in force if the high winds and dry weather continue.

FEAR FELT FOR OAT CROP; RAIN MIGHT SAVE IT

Oats are heading out, although very small and low, according to reports from localities where the crop has been planted in this section, and some farmers fear the crop will not be what it should be by any means. A few farmers state that possibly the oats may do better than expected, with rains coming at proper intervals, thus causing the stalk to grow and the grain to fill out nicely.

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multistiff coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

A NEGLECTED RESOURCE.

SOMETIMES a community may become so accustomed to its own apparent advantages that it sleeps on its rights in the taking advantage of them.

California and Florida have been press-agented as paradises for the leisure class and the invalid. To one who has lived a few months in Waco and to the visitors he constantly meets, Waco takes the prize in climate over either of the states mentioned.

Central Texas has been so busy in developing her unparalleled economic resources that she has not had the time to capitalize her climate and living conditions.

The News feels that the two go hand in hand. Generally speaking, the person who has the means and leisure to seek out a comfortable living place also has the means and enterprise to seek investment of funds accumulated in harsher climates.

Perhaps this matter of acquainting the country with the delightfulness of Central Texas is a matter for the Chamber of Commerce to develop.

Upper House Vermiform Appendix

BY DR. FRANK CRANE

The hardest part of progress is in getting rid of the old outgrown both-ersome husks of the past. They had their use once, and now ought to be lopped off.

Unfortunately we cling to them, and imagine that to destroy the useless and outworn is to destroy life. It is not. It is to take away the things that interfere with life.

Monarchy is one of those holdovers that the world is now in the painful process of shedding.

Another "vermiform appendix" is government in the upper house.

Once an upper house had a meaning. It represented an extant idea, to wit: That there are two classes of people, nobles and commons. Hence when a representative law-making body was made it was composed of two houses, one for the nobles, the upper house, and the other for the commons, the lower house.

Another "vermiform appendix" of old outgrown symbol of it, the upper house, still persists in constitutional governments.

Every state has its senate and house. So has the United States.

Modern government has about as much use for a senate as a dog has for two tails. We have senates for just one reason—we always have had them. If our fathers ploughed with a sharpened stick, why should we risk a steam plough?

There are symptoms of cerebation, however. People will think. First Oregon proposed a single legislative chamber. Then Governor Everhardt of Minnesota proposed it. About three years ago Governor Hodges of Kansas brought up the subject in his message to the legislature and aroused nation-wide discussion.

And now, in January, Mr. Martz offers a resolution in the Michigan house of representatives that a commission be appointed to establish the legislative department of the state on a commission basis; that is, to have a law-making body of thirteen instead of four hundred.

Said Mr. Martz: "I've been in the legislature now four terms. I've seen the cumbersome method of doing business, with the attendant heavy expense attached to a session of the legislature. I've seen the log-rolling and the petty hickering, the great mass of fool laws and all that sort of thing introduced and passed here. I've seen men with fish to fry musing up the statutes without regard to the mass of the people, and I'm convinced that a smaller body, and only one body, would cut down the mass of petty legislation and give us only such laws as are worth while, and probably would have these laws so carefully drawn that they would not be in the supreme court every five minutes or be re-

pealed at the next session of the legislature."

This is sound sense. If a commission form of government is good for cities, why not for states? Why not for the United States?

As a matter of fact, the United States senate has been the stronghold of special privilege since its inception; it is a log chain around Uncle Sam's foot; it is a useless and obsolete organization, and the sooner we are rid of it the better.

After kings, senates ought to go next.

About all the good a vermiform appendix does is to give the doctors a \$500 job.

If some physician in statecraft could open our body politic and remove our senate he would improve our national health.

Your Money at Work

Look Up Railroad Bond Prices Now
BY JOHN M. OSKISON

On the principle of buying good bonds when few people want them, and getting them therefore at low prices, look around now and find out what is available.

The other day the presidents of eight big railway systems in the United States appealed to the interstate commerce commission for permission to raise rates sufficient to bring in some \$400,000,000 a year of new revenue. In their argument they said the roads are falling down on their job.

One after the other the presidents of roads like the Erie, the Chesapeake and Ohio, the New York Central, the Pennsylvania, the New Haven, and the Boston and Maine told about rapidly increasing costs of operation, the rising cost of borrowed capital, the decline of rolling stock, the tremendous needs of additions and improvements.

They reported that the cost of borrowed money is practically prohibitive.

On the same day I received from various bankers circulars offering general mortgage 4 1-2 per cent bonds of the Pennsylvania Railroad company at \$7 1-2—that is, I could buy a \$1,000 bond for \$975, and I would obtain a yield on my investment of 4.65 per cent.

Bonds of the same series sold in 1916 well above 100—the lowest quotation in that year, in fact, being 100 3-4. That is, you had to pay for a \$1,000 bond the sum of \$1,907.50. Very briefly, in the last six months the value of a Pennsylvania railroad bond has fallen at least \$32.50 on \$1,000, or over 3 per cent. At their highest point in 1916 these bonds sold at 102 7-8—that is, for \$1,028.75 each, 53.75 higher than the price at which they were offered to me the other day.

I have gone into the Pennsylvania bond issue because it is representative. People are not buying railroad bonds with enthusiasm. It is the very time, however, when the student of investment will buy. He will pick out certain safe issues which have a sure market and a history in the market long enough to permit of comparisons in price.

The wise investor will refuse to be stampeded into the belief that the sound, well-managed, railroads of this country are to be driven into bankruptcy by rising costs of operation and stationary rates. It is certain that if the necessity for higher rates and increased earnings is shown they will be granted.

When the time comes bond prices will go up and the wise investor will reap his profit.

Little Stories for Bedtime

The House in the Old Pasture.

BY THORNTON W. BURGESS.

There are houses in bushes and houses in trees; There are ugly houses and houses that please; But of all the houses I ever have found, There are none that are safer than those underground.

Just as soon as the frost was out of the ground so that they could dig, Reddy Fox and Mrs. Reddy, who, you remember, was beautiful Miss Swift-foot before she became Mrs. Reddy, went to work up in the Old Pasture to make their house. You see, they were very anxious to begin house-keeping as soon as possible. You remember that they had searched every nook and corner of the Old Pasture and finally had decided on a little opening among the bushes, where on a gentle slope the sun lay warm most of the day and where they could dig down under a big rock in such a way that if they should be so unlucky as to be discovered by Farmer Brown's Boy he couldn't possibly dig them out.

Reddy Fox didn't have much to say about the plans for that new house, for he was quite willing to leave them to Mrs. Reddy. He wanted above all things that she should be pleased and satisfied. So he did what she told him to, in spite of the fact that it seemed to him that she was going to

ing. Then they would come back to work with new joy in what they were doing. It was more real work than Reddy ever had done in his life before, but was it not to be his own, his very own, house and home? The very thought turned the work into fun, real fun.

And so at last the new house in the Old Pasture was finished and it was made just as Mrs. Reddy wanted it. Before the front door was a mound of yellow sand. It told the story of what was there to whoever happened along that way. But that couldn't be helped. Sand had to come out or there could be no house, and Reddy and Mrs. Reddy had no means of carrying that sand away as Striped Chipmunk does when he makes a new house. They have no pockets in their cheeks. But there were two back doors, and in front of these there wasn't a trace of tell-tale yellow sand. No, sir, there wasn't a trace of yellow sand. Those two back doors opened among the bushes back of the big rock in front of which Reddy and Mrs. Reddy had begun digging. One of them opened close under a little bush and the other opened back of a bramble tangle. They were not as big as the front door. They were only just big enough to slip through. You see, they were not intended for use except in time of danger. And the reason there was no tell-tale yellow sand in front of them was because Mrs. Reddy had started those back doors that led to those back doors from inside the house and had pushed the sand behind her then out the front door. Oh, Reddy and Mrs. Reddy were very clever, very clever, indeed. And they believe in preparedness. They were not expecting any danger in their house, but if it should come they would have a way of slipping out and away unseen.

Letters from the People

To the Editor:

We inclose herewith copy of letter J. M. Penland has written to the honorable mayor and city commissioners, and will thank you very much to give this a good location and a good heading in your paper.

Yours very respectfully,

W. M. FOSTER.

Hon. Mayor and City Commissioners, City of Waco, Texas.

Gentlemen:

Since the matter of the purchase of new grounds for cemetery purposes has been under consideration, I have looked into the matter and investigated same, and in my opinion, I have looked and need any additional cemetery grounds. We have a new cemetery here, Park Lawn, beautifully landscaped and developed along modern lines and in keeping with other cities, and I understand from discussing the matter with people who are in position to figure such matters accurately that there is enough grounds in Park Lawn to take care of the requirements of the entire citizenship of the city of Waco for 75 to 100 years, and each and every lot and space pay, and each and every lot and space fund, which is set aside from the purchase price of the lot and can be used for not other purpose than the care of the lots.

Park Lawn is ideally located for a cemetery, adjoining Oakwood on the South which makes it more desirable as a location because it prevents it being necessary to have cemeteries scattered over the city. The part that is developed is well graded and drained through its own sewer system, and the grounds are sodded to Bermuda and planted with trees and flowers, according to plans and specifications furnished by the landscaper. And there are receiving vaults, in fact, this cemetery is being operated in keeping with these modern times.

I hope the honorable mayor and city commissioners of our city will go thoroughly into this matter from the viewpoint of the convenience and benefit such a cemetery is to our city before they purchase other land for a cemetery at the expense of the citizens of the city; and I am of the opinion that after they have given this matter their consideration they will assist in the promotion of this beautiful cemetery, which every citizen of Waco can in future years look upon with pride.

I understand that the owners of Park Lawn have submitted the mayor and city commissioners a proposition to turn Park Lawn over to the city at a price much less than the actual cost to date.

I also understand they have submitted a proposition proposing to set aside sufficient grounds in Park Lawn for the burial of paupers at a cost to the city of only \$5 per grave, which is cheaper than buying land.

In other sections of the cemetery one can buy single grave spaces at \$10, and lots at \$25 and up, and, as stated, all lots are taken care of under the perpetual care fund.

Should the city take over Park Lawn, located as it is, it would only be necessary to have one care-taker to look after the grounds in both Oakwood and Park Lawn, while if they buy grounds elsewhere, it will be necessary to have more than one care-taker.

And by taking over Park Lawn it would not be necessary to wait for lands to be developed. There would be no inconvenience and no burden to the tax payers. The would be no money to be paid out to take city bonds or notes in payment for the grounds; and at the same time, Waco would have a modern cemetery in keeping with our city.

I beg of you to consider this matter seriously before buying land elsewhere for a cemetery. Very respectfully,

J. M. PENLAND.

Laugh With Us

There is a clergyman in an Ohio city who is very proud of his record as a marrying parson.

"Why, sir," said he to a Cincinnati man who was visiting him, "I marry about fifty couples a week, right here in this parsonage."

"Parsonage?" returned the Cincinnati man, "I should call it the union depot."

"I say, Mamma," said little Johnny, "do fairy tales always begin with 'Once upon a time'?"

"No, dear, not always," replied his mother. "They oftentimes begin with 'My love, I have been detained at the office again tonight.'"

"Now, this is where the plot begins to thicken," remarked the budding dramatist as he started to read his second act.

"I sincerely hope so," said the manager. "It couldn't very well be any thinner than it has been so far."

Bridget left Ireland with an excellent letter of recommendation from her last mistress, but on the way over the sea and was lost. Not knowing how to find work without her recommendation, she appealed to a friend to write one for her and he gave her the following:

"To the General Public: Bridget Flaherty had a good reputation when she left Ireland, but lost it on the way over."

Two Zion City snakes, of which there are abundance on the lake front property, had a fight. One was a garter snake and the other a bull-head. Each was three feet long and in their ferocity they seized each other by the tail and proceeded to swallow each other each other whole. They both started at the same time and at the same rate of speed.

Now the question is, which of these two snakes survived, or, rather, which one was on the outside by the time the other was swallowed, the garter snake or the bull-head?

It took five minutes for the two snakes to swallow each other and they both swallowed each other to the tip of the fangs. Which one was on the outside when they finished, or were they both outside?

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM TENDER STOMACH OR BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is restless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the California Fig Syrup Company.

DISCUSS HEALTH CAMPAIGN FOR M'LENNAN SOON

COUNTY JUDGE AND COMMISSIONERS CONSIDER ELABORATE SURVEY.

Does McLennan county wish to spend about \$800 to improve health conditions and secure a mass of data bearing on health, and does the county want to have the state and the national health authorities expend \$5,000 here in the promotion of a systematic and comprehensive health campaign?

This matter will be determined Tuesday by the county commissioners and County Judge J. P. Alexander. A special representative of the health authorities will explain the plan Tuesday and see what McLennan wishes to do. The national health board has made an appropriation of \$70,000 for Texas and a like amount has been set aside by Texas for the health campaigns in certain counties which will co-operate by expending \$200 a month for from four months to one year. Three large Texas counties already have accepted the offer.

If McLennan county decides to have the campaign it will mean that a house to house canvass or survey will be conducted, data secured on the amount of time lost by individuals on account of preventable diseases; examinations will be made of persons suffering from certain forms of diseases, and a course of treatment recommended in certain cases. It is stated that the survey will be made very thorough, and that data secured will be valuable.

DON'T MISS THE
LINCOLNS AT ORPHEUM.

Waco theatregoers, particularly those who like vaudeville, are missing something this week-end if they fail to hear the Four Lincolns, by far the feature of the bill at the Orpheum, which changed yesterday afternoon. Billed under "America's Most Versatile Quartet," the young men furnish one of the most entertaining musical acts that the Orpheum has presented in weeks. Their rendition of "Giddyap, Napoleon, It Looks Like Rain," was a scream.

The three Mortimer sisters in singing and dancing also feature the remainder of the bill. The two dancing sisters are dainty, and know their steps with remarkable gracefulness. It is an act well worth seeing. Virgie and La Blanche in "A Cyclonic Gale of Laughter" and Matt Martin, "Slick Trickster," complete the performances in company with a film showing "The Lash of Destiny," in which Gertrude McCoy plays the leading role. The picture is good.

"AN OLD-FASHIONED YOUNG MAN," HIPPODROME TODAY.

"An Old-Fashioned Young Man," the new Triangle play starring Robert Harron and showing at the Hippodrome today only, is a novelty in the matter of its backgrounds. The picture was made in eight of the largest cities of the United States and the company traveled over 8,000 miles to make it. In Washington scenes were made of the white house, the capitol building, the mint, a view of Pennsylvania avenue, the interior of the senate and congressional chambers and many other points of interest to every American. Many scenes were also made on the train, the Southern Pacific, over which the company traveled. The play is an indictment of scandal mongering and political drafting. It is a warning not only against speaking scandal, but against listening to it as well. The boy who is reared in the old-fashioned school of gentlemen whose highest precept is to revere and respect all women, takes up the

task of clearing the name of an innocent woman who is the target for politicians. This leads him across the continent and back again, and his many adventures add the thrills and true dramatic suspense to the unusual story. Coleen Moore is the leading lady.

SPANELL'S TRIAL AT COLEMAN NOW HEARING DEFENSE

UNUSUALLY LARGE NUMBER
OF CHARACTER WITNESSES
TO BE PLACED ON STAND.

By Associated Press.
Coleman, Texas, April 26.—The defense today began reading depositions regarding the good character of the defendant in the trial of Harry J. Spanell in connection with the killing of Lieut. Col. M. C. Butler at Alpine last July. The state objected strenuously to the introduction of the depositions, claiming that they included operative matter that was not admissible as evidence, but Judge Woodward held that they could be read as coming under "the suspended sentence" rule invoked by the defense. The court said, however, he might sustain objections later to certain questions in the depositions.

"The state would not oppose these depositions if they did not know that they can't refute testimony contained in them," said Walter Woodward, one of the defense counsel, in arguing to the court.

From Former Home.
The depositions were from residents of Hazelton, Pa., the defendant's former home, and other cities where he had lived or was known. They included those of ministers, doctors, lawyers and business men. It was stated that there were about two dozen of these depositions to be read and that the time consumed would take about four years.

After the reading of the depositions had been concluded, the defense asked permission to introduce the records of the San Angelo case in which Spanell was acquitted of the charge of murder in connection with the killing of his wife. Judge Woodward ruled the records could not be produced at this time, but did not finally bar their admissibility.

A recess was taken while the defense prepared to introduce witnesses.

Thursday Market Reports

SMALL ADVANCE—DECLINES RESULT COTTON TRADING

New Orleans, April 26.—Small advances and equally small declines resulted from the trading in cotton here today. Operations on both sides of the market were not important. Little outside business came in and ring traders did most of the business. The close was at a net gain of 8 to 10 points. Much of the selling appeared based on fear that the increased toll of submarine warfare meant such a tightening of the blockade of English ports that cotton would not be able to get through and hence would not leave the United States ports. Some buying by bulls evidently was due to the belief that great quantities of cotton had been lost in sunken vessels.

EARLY DECLINE FOLLOWED BY RALLIES IN NEW YORK

New York, April 26.—An early decline was followed by rallies in the cotton market today, with July selling up from 19.47 to 19.85 and closing at 19.85. The general list closed very steady at a net advance of 8 to 10 points. The market opened steadily at an advance of 6 to 10 points on overnight covering orders and in response to relatively firm cables. It seemed the general impression around the ring, however, that Liverpool had been influenced by increased nervousness over imports owing to the large amount of tonnage reported sunk by submarines.

DECLARES CONFEDERATES HOLD REUNION AS PLANNED

MAY AWARD 38 SUBMARINES CONTRACT WITHIN FEW DAYS

By Associated Press.
Washington, April 26.—Contracts for the thirty-eight submarines authorized by the last congress probably will be awarded within a day or two. Navy department officials have completed their study of bids received and it was learned today found it possible to build the whole order without great delay.

The boats will be duplicates of the 800-ton type craft already under construction.

VIOLENT BREAKS IN WHEAT FOLLOWED BY ADVANCES

Chicago, April 26.—Violent breaks in wheat prices today followed a fresh record breaking advance of nearly 10c. The market acted as if overbought, and was bearishly influenced after midday by the prominence given in some quarters to state department peace inferences from German industrial disturbances and by other Washington rumors referring to moves for the establishment of a German republic. Corn and oats advanced with wheat to new top record prices and then receded when wheat suffered a break. Higher prices on hogs helped to cause and sustain advances in provisions.

BEWARE THE CINCH BUG.

By Associated Press.
Austin, April 26.—Reports received by the state department of agriculture are to the effect that the cinch bug are appearing in great numbers in various portions of the state. These insects, though small, usually gather in large numbers and on account of their continuous sucking of the sap, greatly reduce the vitality of the plants, often killing them.

COTTON GOODS FIRM— U. S. ORDERS THE CAUSE

New York, April 26.—Cotton goods were firm today. Government orders for both wool and cotton goods continued to increase. Wages are being advanced in all textile mills, thus adding to the increased cost of production. The leading carpet manufacturer of the country has given notice of intention to curtail output per cent.

LIFTING OF GALVESTON EMBARGO EASES COTTON

Reports circulated that the embargo on cotton shipments from Galveston had been lifted eased the near month market, which has been depressed on account of the favorable weather. The market yesterday was steady until thirty minutes before the close when an even-ting up tendency caused a slight flurry. Conservation of crops and the planting of more food in place of cotton is having its effect on the market.

CORPUS CHRISTI IN HOT REPLIES TO CONGRESSMAN

TELL JEFF: M'LEMORE HE IS
ATTACKING WILSON BY WALL
ST. WAR INSINUATIONS.

By Associated Press.
Corpus Christi, April 26.—Mayor Roy Miller is waiting today for an answer from Congressman Jeff McLeMore to a message sent to Washington by the mayor last night. The message was the outgrowth of a mass meeting here Tuesday night at which five hundred citizens, with but one dissenting voice, adopted resolutions favoring selective conscription and wired them to the Texas delegation in congress.

Yesterday the mayor received a message from Mr. McLeMore, in which the congressman, who formerly lived here, said:

"I take it that your mass meeting like those held in other Texas cities was inspired by the American Defense society of New York, which is working through the commercial organizations. I am opposed to conscription and compulsory military training and am not ready yet to take my orders from Wall street and the so-called American Defense society."

Send Back Denial.

In reply Mr. Miller last night sent Mr. McLeMore a message which said in part that the mass meeting received no inspiration from the American Defense society but was the result of a patriotic desire by the people of Corpus Christi to express their approval of the president's plans "for the proper and sane defense of the nation."

The message added that "to insinuate that the people of Corpus Christi take their orders from Wall street was equivalent to an inference that the president of the United States is controlled from the same source."

The message closes with the statement that "we recognize you as our representative and conceive it to be our inalienable right to tell you where we stand on any proposition involving your vote. Please advise us if you thing we do not have this right."

FOR years the need of an efficient and reliable gas water heater, one within the means of every house owner or renter, has been recognized.

The "SUPERIOR" Gas Water Heater has met with a more enthusiastic welcome from architects, builders, gas companies, plumbers and users generally than any other heating apparatus yet presented to the public.

The "SUPERIOR" makes water hot quicker, makes more hot water and consumes less gas for the work performed than any other heater. The "SUPERIOR" is extremely simple in construction—as easy to operate as the ordinary gas stove.

The "SUPERIOR" is suitable for residences, apartments, hotels, restaurants, hair-dressing and manicuring parlors, barber shops, and wherever a supply of hot water is needed.

A LARGE INEXPENSIVE HOUSE
SIZE 29'1-2x30' FT.

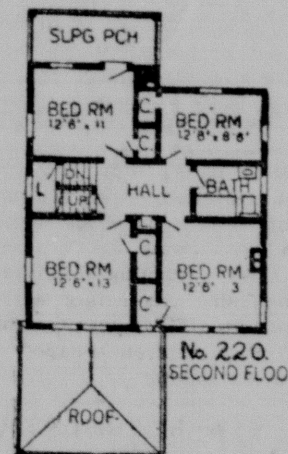

The entire exterior of this design, including porch columns, is covered with large shingles, stained brown, and the roof is in ordinary shingles, with every fourth course doubled to give an effect similar to the side walls.

The living room extends across the front of the house and is entered through a small vestibule. A wide opening, with sliding door, connects with dining room, which has a seat and built-in china closets at one end. The kitchen is well equipped with cupboards and other conveniences. The stairway to second floor is so located that no rear stair is necessary, and a large coat closet is provided off of the stair hall.

The second floor contains four bedrooms, each with a large closet, bathroom and sleeping porch. This house plan makes a surprisingly delightful home. Every room is bright and airy. The bedrooms all have windows opening on two sides, insuring excellent light as well as good ventilation. This design is inexpensive to build, considering its size and the amount of available floor space.

NOTE—This plan is one of a series of building plans which will be run for a period of six months. A new plan will be shown each week.

Beaumont, April 26.—The "Fencebusters" got under Martina, Beaumont's one best bet, and romped round the bases for six dots in the run column, yesterday down in Odville. The best Beaumont could do was five and Umpire Kane awarded the two hour track meet to the Naves. Donalds and Blunk suffered considerable, the first mentioned shouldering the heavy part of the blame. The others made a mighty effort but the Naves got their first.

Martina led the Beaumont attack with three clean hits in four times at bat, the rest of the team contributed generously and it was a glorious hitfest but the sad part of the story from a petroleum viewpoint was that the Tars had a hitfest too. The error column was remarkably free from digits, Mr. Burke of Beaumont contributing the only blotch on the scoreboard.

Everybody in the Nav lineup got a bingle but Vann, and he received his ip walks. No, we didn't count the pitchers. Nine "Fencebusters" and nine Odiers were left on the bases. They will be there tomorrow.

SALE BY DEFUNCT CLUB IS HELD TO BE VALID

CUTLER'S RECORD HAS SEVEN WINS IN BIG MATCHES

MANY OUT-OF-TOWN PEOPLE ARE COMING TO THE EVENT.

By Associated Press.
Chicago, April 26.—The sale by the defunct Davenport club of the Three-I league of Catcher Graham to Quincy and Outfielder O'Brien to Nashville is valid, according to a decision of the National Association of Professional leagues received by President Tarnsey of the Three-I league tonight.

Harry E. Jarrett, owner of the Alton club, who purchased the Davenport franchise, claimed the services of these players.

LADY GOLFERS HOUSTON

Mrs. L. C. Alexander, Mrs. C. M. Hubby, Mrs. Harold Shear and Miss Ethel Foster are playing in the golf tournament at Houston. Yesterday's Houston Post carried news of the tournament, mentioning Mrs. L. C. Alexander as defeating Miss Mabel McVittie of Galveston, 1 up, in the second flight Wednesday. Mrs. Alexander against Mrs. John Dickson of Houston Thursday, with the results not known here yet. Mrs. Harold Shear defeated Mrs. E. Harding of Fort Worth on Wednesday and Mrs. Earl Gafford of San Antonio defeated Mrs. C. M. Hubby. Mrs. Shear and Miss Bessie Simms of Houston played Thursday. Mrs. C. M. Hubby played for the consolation cup Thursday.

Mrs. J. H. Lapham of San Antonio is the star of tournament, having beaten her own record made on Tuesday. She scored an 86 in her match with Mrs. Duane Elliott in the first round of the first flight of the tournament of the State Woman's Golf association.

Local wrestling enthusiasts have seen Cutler in action during his workout are beginning to predict a tough session for Pet Brown when he tackles Cutler at the Auditorium theatre on next Monday night.

That Brown will have his hands full is a foregone conclusion, as Cutler is fast, powerful and very scientific, in fact he has uncorked some holds during his workouts that have never been seen here before.

Since 1916 dawned, Cutler has won seven matches. He has met and defeated Wilfred Barrett, the Canadian light-heavyweight champion, Bull Montana of New York City, Nick Munday of Rochester, N. Y.; George Poulos of Manchester, N. H.; Max Smith of Indianapolis, N. C.; Billy Schober of Indianapolis, and Peter James of Birmingham, Ala.

The bout between Brown and Cutler promises to be one of the liveliest contests ever staged here and many enthusiasts are sure to be here in attendance. It is rumored that a large crowd will be here from all the adjoining small towns.

FIELD DAY FOR Y. W. C. A. WOMEN ATHLETES COMPETE

The Y. W. C. A. is venturing into a new field. They are going to hold a bona fide field day meet this afternoon at 5:30 o'clock, on the lot in the rear of the library. The following program will be carried out: Baseball throw, thirty-yard dash, standing broad jump, basketball throw, hop, skip and jump, finals, thirty-yard dash.

BUFFS WIN BY RALLY

Houston, April 26.—A ninth-inning rally gave Houston a 5-to-4 victory over Fort Worth today. In the ninth, after one was out, McCarty doubled and scored when Noyes singled. Criss, pinch hitting, delivered a single, sending Noyes to second, and both scored when Hays ingray hit a triple to the fence. Pitcher Leverett of Fort Worth was knocked unconscious in the seventh when a foul ball was returned by Kircher. He continued to pitch. The score:

WACO MAY BE REPRESENTED IN CEREMONY AT WEST

It is probable that representatives of the commercial organizations and some citizens may go to West tonight to participate in the dedicatory exercises for the new city hall there. Mayor Ingram has extended an invitation to the people of Waco to attend these exercises. The city hall is said to be one of the most modern in Texas for a town the size of West.

COUNTY OFFICIALS RECEIVE RECLAMATION ELECTION CALL

Waco county officials have received copies of the election proclamation issued by Governor James E. Ferguson for the reclamation and conservation election to be held in the state August 21. This will be in the form of an amendment to the state constitution. If the amendment passes it will be possible to create districts in the state for storing flood waters, drainage and leveeing projects, and general land reclamation work. There has been aroused much interest in this project.

FUNERAL OF MRS. HUFF YESTERDAY AFTERNOON

Funeral services of Mrs. M. C. Huff were held at the residence on South Sixth street yesterday afternoon at 4 o'clock, conducted by Revs. J. M. Dawson and John G. The floral offerings were beautiful, and the new-made mound was obscured by a mass of flowers.

Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and it's Gone! "Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, "Gets-It." Hunt the wide world over, and you'll find nothing so magic, simple and easy as "Gets-It." You folks who have wrapped your

toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death, it loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good. "Gets-It" is sold by drugstore everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Waco and recommended as the world's best corn remedy by Powers-Kelly Drug Co., O. K. Steller and Provident Drug Co.

TWO SETS OF BROTHERS WOULD ENLIST IN NAVY

Two different sets of brothers from Temple have applied for enlistment in the navy at the Waco station, and Recruiting Officer Hair is giving them the chance to get aboard. The young men applying are Robert and William Hale and William and Joseph Leigh. Gunners' Mate Updegraff secured four enlistments at Cameron, in Milam county, with ten applications; he reports great interest there. Baylor university students also are showing interest in the navy, particularly in the chaplain and machinist sections. It is stated by Recruiting Officer Hair that machinists and firemen are badly needed by the navy.

150 MEN ARE ENLISTED DURING APRIL AT WACO

So far this month 150 men have enlisted in the United States army in the Waco station, said Corporal Boldman yesterday. This is the largest number ever recorded since the office was established, and it is expected that there will be ten to fifteen more by the end of the month.

BRINGS LIVESTOCK TO TOWN IN 5-PASSENGER AUTOMOBILE

W. N. Chaney of Moody drove into town yesterday morning in his five-passenger car. He had company with him on the back seat and on the floor—a yearling, a calf and a billy goat. They were securely roped in and their struggles to escape from their luxurious quarters did not worry the driver one bit, for he is used to such freight. He says he has brought as many as five yearlings in to market at one time. Mr. Chaney was rather dismal over crops in his section, saying that the oat crop would be a failure. Fresh vegetables are in good condition, said Mr. Chaney.

COLUMBUS BAPTIST WORKERS HAVE PROGRAM FOR TODAY

The Woman's auxiliary of the Columbus Street Baptist church has prepared an especially interesting program for today. There will be a song by a class of deaf mutes, a special rendition of "To the Uttermost," and talks by a number of interesting foreigners. A Japanese and an Armenian missionary will talk. Miss Minnie Scarborough of the Traveler's Aid will talk on her work among the foreigners of the city.

GERMAN BAPTIST CHURCH SOON TO BE COMPLETED

The German Baptist church, which is now almost completed, is one of the prettiest small churches in the city. It is of brown concrete with white trimmings, the windows being especially artistic. The church stands in the place of a small white frame building so long used by the German Baptists, on Ninth and Clay streets. The pastor is L. Hoeffner.

ASK CITY COMMISSION TO AID IN GARDEN WORK

J. P. Everett, W. Roy Christian and Dr. J. H. Hodges, representing the Welfare League, Y. M. B. L., Rotary and Lions' club, appeared before the city commission yesterday and asked for more teams to break up ground for gardens, saying plows and harrows would be provided by the committees in an effort to close up the breaking of ground by Tuesday. The commission promised to do the best they could in the matter.

SOLDIER BENEFIT CONCERT IS SCHEDULED FOR MAY 8

The management for the concert tour of the singers for the soldier boys on the border has sent word that it will be impossible for the ladies to be here on Saturday, April 28, but that they will fill their engagement on May 5. The concert will be staged at Baylor-chapel.

FOOD DAIRY INSPECTOR REPORTS TO CITY COUNCIL

The report of City Food and Dairy Inspector R. H. Hodges for a period of about a year was submitted to the city council yesterday. Summarized briefly, the report showed a total of 707 general inspections made, 165 calls to see city horses and mules; also two hogs that were killed for food had been condemned by him in the year; six cows slaughtered for food were condemned, eighteen pleas of guilty have been filed in county courts for impure foods, 162,900 pounds of flour and several thousand cans of raisins inspected for fire and water damage, and out of a total of 1,171 dairy cows tested forty-three reacted to the test for tuberculosis.

TO MEET ON CEMETERY MATTERS NEXT WEDNESDAY

A meeting will be held next Wednesday afternoon at 3 o'clock by the city commission and a committee of citizens which has been named in connection with the proposed purchase of ground for a new cemetery or enlarging the cemetery grounds. The committee is composed of C. M. Hubby, W. W. Seley, L. C. Puckett, John F. Wright, P. M. Compton, E. L. Fulkerson, William Moore, Frank Coates. This is a citizens' committee, and will look carefully into the bids and the whole cemetery situation, making recommendations to the city commission.

CITY COUNCIL EXAMINES NEW BRIDGE CONTRACTS

Contracts for building the four new bridges were examined by city council yesterday, not yet having been signed. It was stated by Mayor Dollins that these contracts were not on the unit basis as desired, and he stated that he probably would veto one or two of the contracts unless they were changed, the plan being to re-advertise for bids on the South Fifth street and Riverside Driveway.

NEW COTTON CONCERN TO OPEN OFFICE IN WACO

Another cotton concern is opening offices in this city, bringing another new family to Waco. This is the Goshu company, of Osaka, Japan. R. H. Key, now of Hillsboro, will be in charge, and will have offices in the new Primm building at Austin and Ninth streets. He will bring his family with him, and comes in July or August, when he will make up his office force.

KATY TELEGRAPHERS HEAR MALONE REPORT

Katy telegraphers in Waco and other points feel that the statement of Wallace Malone, chairman of the legislative committee of the telegraphers, at Fort Worth, is interesting. Malone declared that the striking operators will be fed and clothed from the reserve fund, also their families, until the strike is over or the men get new places. The reserve fund contains \$3,000,000, declared Malone.

APPRAISERS ARE NAMED FOR TEXAS FEDERAL WORK

Waco banks which are members of the federal reserve system are interested in the fact that the federal farm loan bank is about to begin operations in Houston. Appraisers were appointed to pass upon the value of the farm lands on which loans will be made. Several of these appraisers, chosen from hundreds of applicants, are known in Waco. They are E. F. Shropshire of Houston, J. W. Mackey of Beaumont, H. H. Jacoby of Dallas, R. T. Milner of Henderson, J. L. Franklin of McKinney, A. P. Graves of Gatesville, T. P. Whittis of Plainview and S. P. Smith of Fluvanna.

A bill for \$300 for the arrest and conviction of Nubby Smith for arson was presented to the city council by Lee Jenkins and Referred to Commissioner Richards.

When a man is in love with a girl he should tell her as a matter of form, though the chances are that she knew it before he did.

Just Once! Try Dodson's Liver Tone!

Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a 50c bottle of Dodson's Liver Tone. Take a spoonful to-

night, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salfate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.
